

Job Description: Senior Operator, DCS Power & Utility (PAU)

Overview

The Senior Operator, DCS Power & Utility is responsible for the efficient and safe operation of Distributed Control Systems (DCS) within the power and utility sector. This role demands a high level of expertise in monitoring, adjusting, and ensuring the optimal performance of equipment and systems. The ideal candidate will have extensive experience in a similar role and a thorough understanding of DCS operations.

Responsibilities

- **System Monitoring:** Continuously monitor the DCS to ensure all systems are functioning optimally.
- **Operational Adjustments:** Make real-time adjustments to maintain system stability and efficiency.
- **Safety Compliance:** Adhere to all safety protocols and ensure that operations are conducted in a safe manner.
- **Troubleshooting:** Diagnose and resolve system issues to minimize downtime and ensure continuous operations.
- **Data Analysis:** Analyze system data to predict potential issues and implement preventative measures.
- **Reporting:** Prepare and submit detailed operational reports and logs.
- **Maintenance Coordination:** Collaborate with maintenance teams to schedule and perform routine maintenance and repairs.
- **Training:** Provide training and guidance to junior operators and new team members.
- **Emergency Response:** Act swiftly and effectively to manage and mitigate any emergencies or system failures.

Qualifications

- **Education:** High School Or Diploma
- **Experience:** Minimum of 5 years of experience in DCS operations within the power and utility sector.
- **Technical Skills:** Proficiency in DCS software and hardware, as well as a solid understanding of power and utility systems.
- **Problem-Solving:** Strong analytical and troubleshooting skills.
- **Communication:** Excellent verbal and written communication skills.
- **Teamwork:** Ability to work effectively in a team-oriented environment.
- **Certifications:** Relevant certifications in DCS operations or power systems are a plus.
