

Job Descriptions

Job Title:	Electrical Engineer	Salary Grade	SAR 7,000 + HRA + TRA
Division / Department:	TS- MSS	Employment Type:	Work Visa
Direct Manager:		Duty Hours:	08 Hours / Day, 6 Days / Week

Job Summary:

GAS Arabian Services Company Limited is seeking a highly skilled Electrical Engineer with a minimum of 5 years of experience in the oil & gas and/or petrochemical industry. The selected candidate will oversee the operation and performance of complex electrical systems, manage material planning, prepare technical reports, and drive continuous improvements to support project execution and plant operations.

Key Responsibilities:

- ***Develop and present detailed monthly technical and performance reports, including system evaluations, project updates, and actionable insights.***
- ***Manage material requirements for current operations and future projects; coordinate closely with procurement to ensure timely availability of components and supplies.***
- ***Assess and recommend upgrades to existing electrical infrastructure for improved reliability, safety, and efficiency.***
- ***Track and manage electrical inventory and overhaul costs to support budgeting and cost-control strategies.***
- ***Ensure full compliance with industry regulations, company policies, and HSE standards.***
- ***Collaborate effectively with cross-functional teams including maintenance, procurement, and project execution units.***

Qualifications:

- ***Bachelor's degree in electrical engineering or related discipline.***
- ***Minimum 5 years of hands-on experience in the oil & gas or petrochemical sectors.***
- ***Strong knowledge of industrial electrical systems, including ATEX, IECEx, and standards like IEC, IEEE, and NEC.***
- ***Skilled in troubleshooting and optimizing electrical systems in safety-critical environments.***
- ***Proficiency in AutoCAD, ETAP, and MS Office; experience with ERP systems is a plus.***
